			Hope	\$30.00	\$12.00
			Appleton	\$35.00	\$18.00
			Burkettville	\$40.00	\$25.00
HOW TO CALCULATE HOW MUCH YOU NEED:			Searsmont	\$40.00	\$18.00
1. Figure out the square footage of the area: multiply length by the width			Washington	\$40.00	\$20.00
2. Determine the depth you want: 2"=.17 3"=.25 4"=.34 5"=.42 6"=.5 7"=.59 8"=.67 9"=.75 10"=.84 11"=.92 12"=1			Northport	\$35.00	\$20.00
3. Multiply the square footage by the inch factor in #2 above			Belfast	\$40.00	\$25.00
4. Divide that number by 27; The result is the number of cubic yards you need			Vinalhaven		\$25.00
